CYBERSECURITY SOLUTIONS

Cyber threats are increasing rapidly, especially for small businesses that often lack dedicated protection. A single breach can stop operations, harm reputation, and cause financial losses.

What We Protect You From

- Phishing & email scams
- Malware, ransomware & spyware
- Unauthorized access
- Data breaches
- Unsafe networks & weak passwords

What Exordium Offers

- ✓ Endpoint Protection
- ✓ Email Security
- ✓ Threat Detection
- ✓ Zero-Trust Access Control
- ✓ Vulnerability Scanning

DATA BACKUP & RECOVERY

Data is the lifeblood of every business. Losing it due to cyberattacks, hardware failure, or accidental deletion can be devastating. Exordium ensures your data is always safe, secure, and recoverable.

Benefits for Businesses

- 60% of small businesses close after a major data loss
- Ransomware demands are rising
- Backups fail if not monitored
- Clients expect data protection

What Exordium Offers

- ✓ Microsoft 365
- ✓ Google Workspace
- ✓ CRM Systems
- ✓ POS Systems
- ✓ Ioud Apps & SaaS Tools
- ✓ Cloud Migration & Setup
- ✓ Software Integration Support
- ✓ License & Subscription Management
